Story on Page 2

Boat Basin Planned

Development Of Semiahmoo Park Given Top Priority

Development of Semiahmoo Park to include the present Reserve with a boat basin on Campbell River was given top priority in suggested improvements just released in a report of the Lower Regional Planning Board.

Thirteenth on the agenda of the Board last year, the local park area has now reached first place in the plans of the Metropolitan Park planners.

Envisaged is full development of the 314 acres of the Reserve as a park capable of accommodating up to 10,000 visitors. Native people now residing there would be given employment through the setting up of a model native village selling handicrafts.

Discussion of the proposed plans occupied much of the time at the meeting of the Parks Board on Monday night, Parks Administrator R. A. Nicholson said. Pressure from the Parks Board, which is fully represented on the Lower Mainland Board, was a major factor in the present plans, he said.

"The Board are going ahead with investigations for the Boat Basin on Campbell River, in which we are keenly interested," Mr. Nicholson said. "We are contacting the Department of Indian Affairs and also the Federal Department of Fisheries at once on the matter."

Deepening of the channel will be necessary to allow pleasure boats to make full use of the

Travel Bureau

Takes W.R. Pictures

The B.C. Government Travel Bureau is planning to take pictures showing the tourist attractions of White Rock.

This is in response to a letter from the Semiahmoo Sun to Commissioner Charles Evans, Travel Bureau head, Victoria.

H. Harrod, Travel Bureau writer, and Jack G. Burgess, photographer, visited the "Sun" offices this week to discuss the matter before commencing work on the project.

The Victoria Bureau takes pictures of Holiday Spots throughout the Province and sends out mats and articles to various publications.

Favourite topic in White Rock seems to be "The Rock" and our many bathing beauties, both young and old.

Local Bands and Majorettes Take Part

Parade Plans Made Known

Parade Chairman, Norman Haddon, has made known final plans for the mammoth parade which will spark activities for Saturday's Sea Festival.

Assembly point for all floats, cars and vehicles participating is Semiahmoo High School grounds. From there the parade will proceed down Johnston Road to Roper Avenue, then to Buena Vista and Stayte Road, thence west on Campbell River Road and Washington Ave. Foot entries will disperse at Vidal and Washington, vehicular entries continuing west to Semiahmoo Cabins before dispersing.

White Rock Eagles' Boys' Band under their leader, George Currie, and the White Rock Kinmen's Boys' Band, conducted by Bruce Hall, will take part in the parade which will also include groups of local majorettes.

RCMP co-operating with the Sea Festival Society, in order to facilitate events have announced that there will be no parking allowed on the North

side of Washington between Martin and Vidal or South except S.E. of G.N. Railway Depot and against G.N. Depot building. Motorists are asked not to park on that portion or leave their cars parked there overnight on July 20.

Traffic coming out of Vidal may go E. or W. on Washington except during parade.

All roads leading onto Washington between Maple and Martin will be permanently blocked including Martin.

There will be a Legion of Frontiersmen on traffic control at: Maple-Washington; Washington-Martin; G.N. Railway Depot; Washington-Vidal; and at Semiahmoo High School during parade take off there, plus one re-

lieve man making a total of six Frontiersmen.

RCMP officers also said that all traffic will be diverted North on Maple prior to and after the parade, to help in keeping Washington fairly clear during the afternoon festivities. All traffic will be stopped at Stayte and Campbell River as the parade enters that point and all Eastbound traffic will be stopped at Vidal on Washington when parade starts. Southbound traffic will be stopped at Johnston and Roper when parade gets under way there.

To assist the Parade Marshal, a police car will lead the parade and another equipped with radio communication will bring up the rear.

W.R. Site Preferred

Marler Rejects Langley As City Secondary Airfield

Transport Minister George Marler does not think the Langley Airfield would prove adequate as an auxiliary airport to the Vancouver field.

Replying to a question posed by M.P. George Hahn (S.C. New Westminster), Mr. Marler said the growing problem of air traffic in the Vancouver area could not be relieved by such a site as the Langley one.

Mr. Hahn had pointed out the numerous objections being raised by White Rock organiza-

tions and residents against establishment of an airport so near this resort town.

W.R. "UNDER STUDY"

Mr. Marler said objections from White Rock were "under study" and that no final decision on the location of the secondary airport would be made until further engineering surveys had been completed. Chief objections were to the possible noise factor from jet aircraft, he

Plucky Girl!

Rescues Injured Lad

Quick action on the part of 13-year-old Patricia Beasley saved the life of Lloyd Porter, aged 12, last week.

The plucky youngster, a member of the White Rock Amateur Swimming Club, and recent contender for the Queen of the Sea title, rushed to the boy's assistance when she saw him floundering in the water near the pier. She brought him to the edge of the tank where her 16-year-old brother, Jim, pulled him to safety.

Patricia is the daughter of Mr. and Mrs. Harry Beasley, Pacific Avenue, and Lloyd is the son of Mr. and Mrs. Al Porter, Victoria Ave. The boy was diving from the pier into the swimming tank alongside, when he struck his head on the bottom, injuring his neck, and suffering a temporary black-out.

Other youngsters thought the lad was joking. He was rushed to White Rock Hospital by Chapel Hill Ambulance but is now home and well on the road to recovery.

Boys Band To March In Sea Festival Parade

Conspicuous among the six bands slated to take a prominent part in the July 21 monster Sea Festival Parade will be the White Rock Kinmen's Boys' Band.

Under the baton of Band Leader, Bruce Hall, the Boys' Band rendered excellent musical selections at the Miss White Rock contest July 13 in the Silver Moon.

Other bands expected to lend life and colour to this year's parade are the Eagles Girls' Band; the Bellingham Pipe Band; Surrey Pipe Band and Girls' Air Force Cadet Band from North Vancouver.

Pretty Joan Mahon, daughter of Mr. and Mrs. James Mahon, Ocean Park Road, has been crowned Miss White Rock 1956 and will go on to the P.N.E. contest in August to represent this resort town. Sponsored by the White Rock Amateur Swimming Club Joan won over six other contenders for the honour of reigning over the two-day Sea Festival.

Seven lovely contenders for honour of being queen of the 1956 Sea Festival and entering the P.N.E. beauty contest in August pose with last year's winner, Miss Connie Whittle, following the contest in the Silver Moon. From left (back row) are: Joan Johansen, Miss Semiahmoo Yacht Club; Margaret Johnson, Miss White Rock Yacht Club; Doreen Ahl-

strom, Miss Sea Festival; Loretta Brown, "Miss Flame," White Rock Fire Department. Front row: Carol Miller, "Miss Nightingale" (Junior Hospital Auxiliary); Connie Whittle, Miss White Rock, 1955; Joan Mahon, Miss White Rock 1956; and Wendy Morgan, Miss Silver Moon.

Mail Delivery Starts Monday August 13

Postmaster Don Munro has announced that Letter Carrier Delivery Service will commence at White Rock on Monday, August 13.

"Effective at once all correspondents, including publishers of newspapers and magazines, Family Allowances, Old Age Pension Board, etc., should be advised to address your mail as follows: Name; House Number and Street Name; White Rock, B.C.," said Mr. Munro.

The term General Delivery, Post Office Box Number or Rural Route Number—need not be dropped until August 13 but may also be included in the address until that time, the Postmaster said.

"Directory cards will shortly be distributed and it is very important that one card be completed for each adult member at each address. The completed cards must be returned to White Rock Post Office promptly."

Mr. Munro pointed out that on numerous occasions in the past residents within the deliv-

ery area, which is bounded roughly by State to Nicholas Roads and Washington to North Bluff Avenue, had been requested to ensure that letter slots or suitable receptacles and lockers were installed on or immediately adjacent to the front door facing the street on which the house is numbered.

He said the exception is where the house is more than 40 yards back from the property line or more than 15 steps above or below the street level. In such cases the mail receptacle should be erected at or near the property line and along side of the roadway or sidewalk leading to the house.

"The majority of households have complied with the requirements but a few have so far failed to do so and it is imperative that such be done before August 13 to ensure delivery of mail to the door," said Mr. Munro.

He emphasized the fact that continued co-operation would ensure speedy and efficient delivery of mail in the area.

Know Your Sailing Boats Say Local Fans

Information concerning the different boats taking part in the sailing event during the Sea Festival has been released by the Committee in charge.

The 18 ft. Aux Sloop owned by Vic McPherson was built in Vancouver about eight years ago and was rebuilt on coming to White Rock to include a cabin.

The 12 ft. Cat built by W. F. Ewart in Vancouver has home-made linen sails. Her owner, Bob Dick, aged 13, has lately added the deck.

The 11 ft. Cat is a home-built boat. A Jurik would like a larger sail.

The two Moths, one sailed by 11½ years old Kit Polley, and the other by a High School boy, Gordon McDonald, were both built about 10 years ago near Victoria. They are fast and manoeuvrable and suited to sheltered waters. This type is plentiful in the U.S.A.

The well-designed English Cadet has many good qualities. The Cadet class for young people started in 1945 is the biggest in Britain and one of the biggest in the world. Jack Firminger built this one in 1950 being probably the first to be seen in B.C.

Royal Life Saving Team to Demonstrate

A team of Royal Life Saving Society members will put on a demonstration on the White Rock Pier on Sunday, July 22, the White Rock Swimming Club have announced.

Beginning at 2 p.m. the demonstration will show elementary life-saving, the evolution of swimming and land drill. There will also be an act by the Synchronized Swimming Team, comic numbers and many other attractions.

Mr. Wilf Bacon, President of the Vancouver Branch of the Society and J. L. Lugin, Secretary, will accompany the team.

The public are cordially invited to come and see the demonstration.

Canadian income to farmers from sale of dairy products reached \$428,000,000 in 1965.

Election Seen For Vacant S.B. Seat

In order to fill the vacancy on the School Board caused by the resignation of Johnny Wardrop, Council may have to call an election at an early date, according to a report received from the Municipal Hall.

Council was notified of Mr. Wardrop's decision at its last meeting. The School Trustee is leaving to live in Williams Lake. His resignation became effective July 14.

Municipal Manager, Percy Livingstone, pointed out that, according to Provincial law, Council could call an election to replace a trustee within 30

days after receiving notification from the School Board that a vacancy existed. If Council does not take action the School Board has the right to recommend a name of a trustee to Victoria to fill the vacancy, he said.

Because Council can take no action until after the resignation goes into effect on July 14, the matter will be decided at the next Council meeting.

Cost of the election is estimated to be approximately \$2,000.

Some 19,500 pieces of cutlery will be used aboard the new Canadian Pacific flagship Empress of Britain.

Time and Tide Right For Sand Castles

Children and Sea Festival Society officers are watching the tides in the Bay very anxiously these days for one of the big events tomorrow depends greatly on the good behaviour of Father Neptune and all signs point to right conditions for the annual construction job on White Rock's beaches.

The Sand Castle competition will take place Friday, July 20 at 10 o'clock on the sand between the Beach Store and Tingle's Grocery. The competition is open to all children from pre-school age to 12 years.

Each entrant will receive candy and a coke and toys will be given to those coming in first. The grand prize winner will keep the British Columbian Trophy. Other prize winners in each age group will receive a beautiful badge in the shape of a sand castle which Mrs. A. J. A. Bell has designed.

Flowers, seaweed, stones and shells can be used for decorating the castles but no home-made or manufactured articles will be allowed.

In the Garden

By G. E. Sory, Garden Editor.

Keeping Water Off Leaves of Plants Adds to their Health.

So far as the outdoor garden is concerned, modern research has established the validity of the old gardener's maxim: "Give a plant a drink when it's dry."

But plant doctors (they call themselves phytopathologists), are insistent that so far as possible water should be applied directly to the soil, without wetting the leaves of plants. Sprinkling of water thrown by a sprinkler scatter the fungi they explain, and when the leaves are damp at nightfall, darkness and dampness combine to favour the spread of disease.

A good soil holds both water and air at the same time. These are held in spaces between the soil particles called "pores." When there is an excess of water, air is driven out, and the plants suffer for lack of it. This occurs in gardens when water stands on the surface, and is the reason why quick drainage of excess water is so important.

Lack of water, on the other hand, is also harmful to the

plants. A balance between air and water must be maintained. A plant will make the best root growth when it is drying the soil down. When the soil is soaked, and the excess drains away quickly, fresh air enters the soil to take the place of the water. The roots reach out for the water as the supply diminishes, and vigorous growth results.

Many people spend countless hours top-dressing, rolling, fertilizing, water and weeding in their garden lawn, and then in half an hour with a lawn mower, undo much of the good by cutting the grass too short. Most lawns are fully exposed to the sun, and the shorter the grass the more the roots will be burnt by its scorching summer rays; the more quickly the moisture in the soil will dry out, and the more easily will weeds encroach.

The cutting bar of the lawn mower should never be set lower than one and a half to two inches from the ground—except for creeping bent grasses which are seldom used for garden lawns. Frequent cutting is preferable and then the clip-

pings can be left on the lawn where they will be a good source of rich nutriment. If the mowing is infrequent and the grass long, the clippings should be removed, because they smother the grass roots and cause dead patches in the lawn. Merely sprinkling with water won't do much good except to encourage the shallow-rooted weeds. Watering should be continued until the soil is thoroughly moistened to a depth of four inches. A good soaking once a week is better than a light sprinkling every other night.

SUNNYSIDE

Mr. and Mrs. Jesse Baker returned last week from Los Angeles, California, where they attended the wedding of their daughter Margaret, and John Ross. The young folks will be guests of Mrs. Baker's parents at the Sunnyside while on their wedding trip.

Mrs. E. Berg and her daughter Gall of Prince Rupert, one time residents of the Lower Mainland, were recent visitors at the home of their friends, Mr. and Mrs. Frank Dent.

Mrs. T. F. Elliott has been a patient in the White Rock District Hospital. Her friends are hoping for a good recovery.

Mr. and Mrs. Apollent and wee daughter Debra, 12, presently making their home at the American Motel, having come from Penitence.

Mr. and Mrs. H. M. have taken a trip to the coast, Saskatchewan, where they will visit relatives and friends, but hope also to take in the Calgary Stampede.

Mrs. Ann Carr of Spokane, and Miss Gladys Gibson of Seattle, were guests last week at the home of Mr. and Mrs. O. Stenstrom. Other visitors at the Stenstrom home were Mrs. Earl Jarvis and daughters Donna and Beverley of Townline Road, Mrs. Torval Ravendahl of Brancepeth, Saskatchewan, and Dr. G. Millan of Vancouver.

Mr. and Mrs. R. Parsons are on a visit to Saltcoats, Saskatchewan, where they will visit relatives and friends. They lived in that area for many years before making their home at the coast.

DOUGLAS NEWS

Former residents of Moose Jaw and district will be fore-gathering in Peace Arch Park on August 5, for their annual picnic. Every one who ever lived in the Saskatchewan capital and community is cordially invited to come to this affair, to meet old friends and neighbours. Place is the Canadian Kitchen.

Mr. Ivan Crosbie, Pacific Highway, returned last week from a ten day visit to Moose Jaw. During his absence a son-in-law and daughter, Mr. and Mrs. Robert McGillivray and family, came to stay with Mrs. Crosbie.

Recent picnics in the Park include: A group numbering 400 from Hollyburn and West Vancouver; a Presbyterian Church group from Vancouver; the Sunnyside Sunday School and a Salvation Army picnic of Newton residents.

Ocean Park Baby Christened Sunday

Michele Anne were the names given the five month old daughter of S.L. Laronde and Mrs. Laronde, Moose Jaw, when christened Sunday in the Church of the Ascension, Crescent, by Canon J. E. W. Phelps. Godparents were Mrs. L. D. Laronde and by proxy Mrs. M. Armstrong of Carp, Ontario, and Mr. R. L. Goldstein, Boulogne-sur-Mer, Pas de Calais, France. Mr. and Mrs. F. D. Laronde came over from Victoria for the service.

Mr. J. J. Welch has returned home from Vancouver General

Hospital where he underwent surgical treatment.

Mr. and Mrs. R. J. Uren, Mr. C. Uren and Denise are spending their holiday at Penitence. They were accompanied by Mr. and Mrs. W. Purchase, Sr., of Vancouver.

Arrangements were made at the monthly meeting of the Ocean Park Community Association to hold a Gypsy Carnival in aid of hall improvement funds on August 11. It is hoped to have the exterior of the hall painted.

PNE Offers Wide

Variety of Attractions

The Armed Forces display will be completely new with many thrilling surprises. The Royal Canadian Navy will also stage its famed "Sunset Ceremony" nightly at 10 o'clock, free, in front of the racetrack grandstand. Of course, there's the daily programme of eight horse races; the popular mink, cat and dog shows, spaced throughout the Fair; and the Gayway with new rides and games as well as shows which include the famous Ricki Covette and girls and another starring the vocal group "The Original Four Aces."

Heading the major entertain-

ment is another engagement of the world's largest indoor circus, the Shrine-PNE Circus, produced by Polark Brothers. It's a new show this year. Then there is "Dancing Waters" presenting a changed routine from last year.

Free Horse Shows will again be featured in the Livestock Building.

Dates are August 22 to September 3.

Douglas Garden Club Picnic At Bellingham

A visit to the Fairhaven Rose Garden at Bellingham was a highlight of the Peace Arch Garden Club picnic on July 10 which was thoroughly enjoyed by all present, club officers reported.

A programme on Roses and Chrysanthemums will be given at the August 7 meeting of the club at the Peace Arch Park (Canadian Kitchen) at 8:15 p.m. The parlour show is to consist of Gladioli, Lillys and Sweet Peas. For the flower arranging contest, the arrangements must be in tall containers.

The hostesses for the tea which follows are Mrs. Betty Gay and Mrs. G. H. Baxter.

Films In Park Continue Popular

The White Rock Film Depot showed their regular films at Peace Arch Park (Canadian Kitchen) on Sunday evening.

Attendances continue to increase, with about 100 attending this week. Travel and educational films are shown beginning at 5:30 p.m. till about 7:30 p.m. each week. Projectionist is Roy Pickles.

Crescent Association Protest Low Voltage

At the July meeting of the Crescent Beach Property Owners' Association, it was decided, after some discussion, to write a letter to the proper authorities concerning the damage frequently occurring hereabouts, due to low voltage. Motors of various electrical equipment have been burned out owing to this cause.

The annual election of officers for the ensuing year took place after the regular meeting was adjourned. Mr. J. Berry was nominated, but definitely could not accept. Mr. W. W. Hastings was immediately nominated, refused at first, then accepted when the nomination was seconded and applauded. Mr. Berry will retain the vice-presidency. Miss Carr was unanimously nominated for secretary,

providing she will accept. Mr. L. L. Adams was re-elected treasurer.

Dauphin Picnic Set

A basket picnic for former residents of Dauphin, Manitoba, will be held in Semiahmoo Park, on Sunday, July 29, commencing at 12 noon. Anyone planning to go is asked to come in good time and enjoy the picnic lunch.

HOSPITAL CALENDAR

The ladies of the Goodwill Group held a very successful sale of home-cooking on June 30 at the Superduty Shop. Mr. and Mrs. Arnold (Sr.) helped considerably with tables for the lawn. There will be no further meetings till September.

Rabbit Association Plan Bingo Games

In mid September the Fraser Valley Rabbit Association are going to commence regular bingo games, President B. C. Hall has announced. These games will be open to members only, but will include associate members.

"Policy for the operation of these games has not yet been determined. One thing is certain—ever, with the profits from Yo games, we are going

A Step in the Right Direction

A very fine brochure just issued by the Lower Mainland Regional Planning Board should give hope to the local Parks Board who have campaigned for two years to have Semiahmoo Park extended by taking in the Indian Reserve area.

An aerial picture of the Bay, clearly showing the fine stand of timbers in the present Indian Reserve, enclosed by Campbell River and the sea, holds first place in the illustrated pages of the brochure.

The Semiahmoo Sun has for three years maintained that governments at higher levels should be persuaded to take an interest in the project of extending the present beautiful development of Peace Arch Park right through the Reserve and along White Rock to Crescent Beach.

It looks as though the authorities are at last coming to the same opinion. For the benefit of all people interested the brochure gives the following information concerning the Reserve.

The area is 314 acres, almost all usable. This is potentially an almost perfect park. Although a considerable amount of money would have to be spent on cleaning up and developing it, the area has everything: salt and freshwater for swimming; a site for a small boat basin; a fine boating and canoeing stream; attractive woods for walks and picnics; tide uplands for camping and picnics and good playground sites.

It is true, as the Lower Mainland Regional planners point out, that land acquisition may present a problem, since the land belongs to the natives and is their only hope of revenue. But acceptable leases have been known to be arranged in similar cases with the Department of Indian Affairs and no doubt can be in this instance. Particularly as the planners envisage the Indian families resident on the Reserve as remaining and being gainfully employed through the manufacture and selling of native crafts. They could, as well, have charge of the boating and canoeing facilities when they are set up.

Initial development has been estimated at a figure of approximately \$175,000. When completed the park would accommodate about 4,000 people. A further expenditure of about \$125,000 would provide facilities for 8,000 to 10,000 people altogether.

While these plans are in the making—and we hope they will soon be put into action—it surely is imperative that all leasing of property for private building should at once be halted. We understand the Department of Indian Affairs has already given 15 short term leases to be proceeding in preparation for that survey and bulldozing are proceeding in preparation for the Parks Board and other interested bodies will be successful in persuading the Department to call a halt to any further encroachments on the proposed metropolitan park area.

With the backing offered by the Regional Planners, it should not be long before White Rock, and indeed the Lower Mainland, has a recreational area unsurpassed in B.C.

Swimming Strongly Ahead

White Rock Amateur Swimming Club, which has been in operation for over 30 years, is once again demonstrating the truth that volunteers for work are never lacking when a good job is being done.

Ever swimming strongly into a fast-developing future the club this year has enrolled over 500 young people. Nearly 70 of these members this year came all the way from Langley to swim in our safe and warm waters under the able instruction of coaches and volunteers who believe strongly in the WRASA slogan "Teach a child to swim and save a life."

As in many other community undertakings the major portion of this splendid work is carried on the shoulders of a small but enthusiastic group of hard-working people. They meet once a week all summer and once a month all winter to keep the Club in operation.

Every resident in White Rock should feel grateful to the Swimming Club for their efforts to make White Rock what Nature most certainly intended it to be—one of the safest and most popular of B.C.'s resort towns.

And, more important still, to see that young folk living here or holidaying here, are taught one of the most essential health-giving sports in the whole calendar.

DECEMBER PLEBISCITE?

White Rock Incorporation, once once more is in the news. All that's asked for is a Plebiscite, to get the voters' views. We know many, yes many, strongly favour this request. To get the general feeling, we think this way, is the best. Last year's Survey Council, just left us in the air. Undemocratic principles, shoddy treatment, most unfair. We did not ask for Incorporation but in effect to sound us out.

A Plebiscite's like a straw vote, not binding, without doubt. This year's Survey Council, a new Reeve, some Councilors too. On this matter of a Plebiscite, just what will they really do? Procrastinate or pass the buck, put disadvantages in our way. Anything they can think of, so we cannot have our say. Or show fair-mindedness and decency, for this we'll safely state.

All favouring a Plebiscite, don't mean they'd vote to Incorporate.

P.S.—If a Plebiscite is granted and it carried in favour of Incorporation we would still have to get the Provincial Government's permission to vote for or against Incorporation.

W. F. MCLENTOCK

Will Your Child Drown This Year?

By A. L. PORTER

Here on the shores of Semiahmoo Bay in the White Rock-Crescent Beach area we have one of the most beautiful and safest bathing beaches on the continent.

Safest yes—but complacency often ripens the seeds of tragedy.

Two years ago on June 13 at 3:30 in the afternoon Karen Darwill, age 7, was walking with her father along a little pier that jutted out from the shoreline of a small southern B.C. lake. Suddenly a swooping gull disappearing under the end of the pier caught little Karen's fancy and rushing from her father's grasp she excitedly dashed to the end of the pier. The pier having no railing at the end Karen lost her balance and toppled over into the water. It was two hours before they recovered her body.

Breakwaters are fascinating marvels of engineering. These long lines of rocks that are left behind after the giant cranes and scows of rock have finished their work are attractive places for swimmers and divers, especially near a beach, even more so when adjacent to a pier or raft. Many a child's body with bloody and smashed head has been recovered from their murky and slimy bases hours after a dive was made from raft or pier. Breakwater rocks will occasionally dislodge themselves and settle in the path of a diver, its new location always learned too—too late.

Mummy thought the nice warm pool of water left in the sand after the tide had receded was a lovely safe place to let Jimmie, age 14 months, paddle and splash in. After all, the water was only six inches deep and Jimmie's bath tub back home often had 10 to 12 inches of water.

Mummy learned too late that a squirming baby on soft sand soon deepens six inches of water to over 12 inches and when little Jimmie overbalanced he had nothing to grab on to like the rim of his tub at home.

These beautiful, clear, hot summery days with lazy clouds drifting idly by—the wonderful sound of happy laughter ringing across the hot steaming sands as our children by the hundreds frolic along the beaches—racing the frothy surf—hunting the ugly seaweeds and crabs—these are the happy times and sights of our children's childhood.

Let's keep these future memories.

Ottawa News Letter

Federal Aid For Fort Langley Restoration

Dear Friends:

It was recently announced by the House Leader, the Minister of Finance, that beginning July 16 the House of Commons would be sitting three times daily. This announcement is usually taken to mean that the session will draw to a close within two or three weeks. Some people are estimating the prorogation date will be approximately August 4, but it's hard to tell. We have legislation on the books that needs to be discussed and most of the estimates to be passed as well.

One of the problems that has received attention recently and which places your member very much in the decision handed down by the Minister of Northern Affairs and National Resources that the Federal government will share with British Columbia the cost of restoration of Fort Langley. The expenditure of \$125,000

ories that we are building together truly happy and free from tragedy. Let's remember that our pier has no railing at the end either. Let's remember that our breakwater at the end of the pier sooner or later will dislodge one of its rocks under water, just waiting—silent, and unseen, for some innocent head to be crushed against it. Let's remember the stagnant warm pools left behind by the hurrying tide are not the safe havens they appear to be.

And above all, let's be on our constant guard against other perils along our beaches that hide themselves behind a curtain of apathy.

Be on your guard—be on your children's guard—be forever warned. White Rock is far behind the law of average drownings for the number of people enjoying the swimming facilities here. Sooner or later that average could catch up. Let's make sure it never does. Vigilance will prevent it.

On Thursday, July 12, at approximately 4:45 p.m., my son Lloyd, an excellent swimmer for his age of 12, along with several friends were in our local WRASA Tank at the east end of the pier. As groups of children engaged in water play anywhere in the world will, the usual games of tag, etc., were being enjoyed. The tide was only a little less than medium and diving should have been taboo—but kids will be kids.

It was bad enough for Lloyd to dive too deep and stun himself but on rising to the surface in a semi-conscious state, floundering and whimpering for help—his companions thought he was playing. Oh, yes—these children often play drowning. It's lots of fun and Lloyd looked, as if he was putting on an extra special act. Maybe I had, not impressed upon my boy enough the old story of "Calling Wolf." I don't know. Maybe it's a point all of us parents have missed a bit.

I don't know. But I do know that if young Patsy Beasley, aged 13 years, one of the swimming party hadn't noticed in time that Lloyd was not playing but dead serious—if she hadn't seized him and called for her older brother Jimmie at the same time to help her—Lloyd wouldn't have been playing around the beaches or anywhere, anymore.

The Porters are praying now and thanking God for being so good to them. They are hoping that the public will learn something from their near tragedy.

the cause but without the local committees which were headed by public-spirited citizens the problem would never have been settled as it is today.

There will be many difficulties to be faced before the plan takes shape—but I am sure they will be handled in due course. The next step, to which we all look forward and which will be so gratifying, should be the official opening during our Centennial celebration in 1953.

We await the restoration of British Columbia's first seat of government. Congratulations, one and all.

Sincerely,
GEORGE HAHN,
M.P. for New Westminster.

The COMMON ROUND A.J.P.

RESPECT FOR THE LAW—I wonder how well we inculcate this in the minds of our young? One example is the disregard for the rule that bicyclists riding on sidewalks is against the law. Yet it goes on all the time right here in White Rock where we have an overly large percentage of elderly residents. This is a dangerous practice for unlucky pedestrians who might be pardoned for thinking the sidewalk was made for their safety and convenience. In Vancouver last week an elderly man died after being knocked down by a youth on a bicycle. It could happen here too.

ONLY SLIGHTLY LESS DANGEROUS is the effect on the young people themselves, most of whom know quite well that bicycling on pavements is contrary to law. They get away with it, and soon grow to feel that the only crime in life is being caught and punished. The same goes for many other practices in our daily life. We allow the young to see the law broken every day—with the inevitable result that generation after generation have less and less respect for the rules of conduct which are supposed to govern our society. And we still go on bleating about the deterioration of law and order in our midst. We human beings are an inconsistent lot, for sure.

ATOMIC MILK is one of the new wonders the scientists are preparing for us, according to a report emanating from Britain, which says that in that country atomic scientists have successfully treated milk by radioactivity to preserve its freshness. The claim is made that the treated milk will not lose its flavour and can be kept in good condition for 10 days. Commercial application of the theory is predicted within the next five years. It seems that here in Canada, in Ontario, our Canadian researchers, too, are completing studies to indicate that increased radioactivity in milk resulting from atomic fallout is harmless to health. We can only hope it is true.

LITTER SEASON has once again brought out the litter bugs by their thousands. On Sunday night I could not help noticing the truly awful mess the Sunday crowd had left at so-called Memorial Park. (By the way, where is the "beautiful" the Scouts were supposed to give this area?) Surely the Parks Board could at least see to it that garbage receptacles are placed around the area. If there are places to put litter you usually find that most people will make some effort to use them.

(Tides at Crescent are 29 minutes in advance of White Rock)

Letters published in this column are the sentiments of the writers themselves and are not necessarily subscribed to by the Editors.

14753 Washington Ave.
July 9, 1956.
To the Editor.

Dear Sir:

As a large percentage of the people of White Rock are elderly people, a walk to the centre of town or from Marine Drive to P.O. is very tiring. It would be a great help to such people if they could find a place to sit and rest before returning home.

A few seats or a bench placed along the library walk would supply a long-felt need, and would surely be much appreciated by the many elderly people resident in this place, and I am sure expense would be light.

Very truly yours,
"A CITIZEN"

White Rock, B.C.
July 14, 1956.

To the Editor.

Dear Sir:

Where were all the up-and-coming business men and residents, both old and young, who have any interest in their home town, on Friday night, when seven lovely local girls competed for the Miss White Rock title? All were very conspicuous by their absence at the Silver Moon. Sure, there was a fair crowd, but did you really see more than a handful of adults? No, mostly children, parents and young friends of the contestants.

One out of town guest, I heard, was quite shocked at the lack of interest in an event which should be a sell-out affair.

I have one suggestion to make, for what it is worth and that is that the Jaycee Committee next year try to have the competition in the Park Theatre, if it is available. The year it was held there as I remember it was a pack out and I am sure it could happen again.

It seems to me that on Friday night White Rock residents AGAIN let their town down badly and once more earned their reputation for being totally apathetic.

ANOTHER DISGUSTED WHITE ROCK SUPPORTER.

This and That

If you've eaten the whole of a doughnut, And it lies like a nugget of lead, The next time you are tempted to try one Eat the hole of the doughnut instead.

Hilltop. Germaide.

SLIPS THAT PASS IN THE TYPE

Certain words are a standing peril to typesetters. A collision between a train and a cow, reported in a newspaper, ended with the remark that the engineer "putting on full steam, dashed up against the cow and literally cut her into halves."

SOLACE OF AGE

"I often feel that the delight flowers give is more appreciated as we grow older. Then it is that beauty unfolds; then it is we have the revelation of Nature's infinite variety, shape, colour, scent; then it is that we consciously receive from the rich earth solace, inspiration, companionship—Nancy Price in a BBC programme.

Around Town...

Grand March Opens Miss White Rock Ball

In their filmy evening gowns the contestants for the coveted Miss White Rock crown were a beautiful sight as they, accompanied by their escorts, led off the Grand March which opened the Miss White Rock Ball in the Silver Moon Ballroom on Friday night. Miss White Rock 1956, Joan Mahon, her dark curls crowned with the pretty tiara which this year is the symbol of her honour, was followed down from the stage and through the centre of the ballroom by Miss White Rock, 1955, Jonnie Whittle, and the five other competitors, each on the arm of her escort. Mrs. Jack Todd, official chaperone and coach of the girls, assisted by Mrs. A. Whittle, took charge of the preceding stage competition.

Jaycee Robbie Robinson was Chairman and popular emcee, Jim Swanson, interviewed each candidate before the mike before Mr. George Rose of Abbotsford announced the decision of the judges. Miss Verna Weaver, of New Westminster, a former New York model, and Mr. Wm. Stewart, also of New Westminster, were the other two judges. A former 1955 candidate, Mrs. E. Wood, nee Miss Elizabeth Beasley, assisted in stage arrangements and J.C. Eltes, Mrs. Alex Mitchell, Mrs. Stan Evans, Mrs. Vic Kerr and Mrs. Dennis Kerfoot were responsible for the attractive decorations for the Jaycee-sponsored Ball.

AIRMAN VISITS

Acl Arthur Cameron arrived home this week from Nanaimo, Alberta, to spend a thirty day leave with his mother, Mrs. A. Cameron, Victoria Ave. Arthur is accompanied by a chum, Acl Ken Cole of Ottawa, who liked White Rock so well when he visited here briefly last Easter he decided to come back in summer for a full week beside the sea.

ENTERTAIN DELEGATES

Miss Rosamond Ross and Miss Daphne Smith, nutrition consultants for the Metropolitan Health Committee, Vancouver, entertained seven delegates from all across Canada at a beach party on Semiahmoo Bay last Friday. The delegates, many of them from Quebec, Ontario and the western provinces were very thrilled with White Rock's situation and scenery. They were all attending the Canadian Home Economics Association Convention in Vancouver. Miss Ross is the daughter of Mr. and Mrs. George Ross, Marine Drive, Ocean Park.

FROM ONTARIO

Rev. J. B. and Mrs. Townend of London, Ontario, have been visiting Mr. and Mrs. Arthur Townend, Royal Avenue. Also guests at the Townend home recently were Mr. and Mrs. Peter O'Toole and son Floyd and Elmer Kelsey of Shaumavon, S.A. Katchewan. Mr. and Mrs. P. J. O'Toole and daughter, Colleen, from McBride, British Columbia, were also visitors of the Townends.

MINNESOTA HOLIDAY

Off for a three weeks motor trip which will take them to Minnesota's Lake of the Woods, are Mr. and Mrs. Sid Beales, Thrift Road. They are accompanied by their daughters, Maureen and Brenda. While in the east they will be guests of Mrs. Beales brother-in-law and sister, Mr. and Mrs. G. F. Anderson of Warrod, Minnesota.

MANY GUESTS

Mrs. K. Church, of Marine Drive, has her granddaughter, Diana Shupe of Calgary at her guest for the second time this season. Diane came by plane and brought her friend Betty Gough. This is Betty's first visit to White Rock and she is enjoying it immensely. Mrs. Jack Gather and son John, of Kent, Washington, have also been visiting Mrs. Church. They are cousins of Mr. C. W. Anderson who lives in Mrs. Church's home.

FROM ONTARIO

Mr. and Mrs. H. Schuerman with son John and daughter, Lyn from Oshawa, Ontario, are visiting at the home of Mrs. Schuerman's parents, Mr. and Mrs. W. G. Perry, Ocean Park.

GUESTS AT LODGE

The Rev. Kingsley E. King of New Westminster is a guest at the White Rock Lodge. Also spending a holiday at the pleasant, seaside lodge, are Mr. and Mrs. Don McKay with daughters Judy and Cheryl of Vancouver.

BACK FROM CALIFORNIA

Dr. J. H. MacDonald, eye specialist of Hilltop, has recently returned from a motor trip to San Francisco, where he successfully completed the requirements for now making him a Diplomate of the American Board of Ophthalmology. He was accompanied on the trip by Mrs. MacDonald and her sister, Miss Elsie Scott of Hamilton, Ontario. Miss Scott has returned home after spending a month with the MacDonalds.

FROM MOOSE JAW

Visiting at the home of her parents, Capt. and Mrs. W. Thomson, 2538 Johnston Road, are Mrs. C. Amesbury and her children from Moose Jaw, S.A. Katchewan. F.Lt. Amesbury will drive out in August for a week's leave.

PARENTS VISIT

Mr. and Mrs. Oliver Blomme of Louis Creek, British Columbia, returned yesterday with Mrs. Harry Blomme and her son, Ronnie. The visitors will be staying in White Rock for the next two weeks as guests of their son and daughter-in-law, Mr. and Mrs. Harry Blomme, Washington Ave.

FROM OSHAWA

Mr. and Mrs. L. J. Bird of Stayte Road have had their son Raymond Bird of Oshawa visiting for two weeks; also Rev. W. B. and Mrs. Neatby of Regina, Mrs. M. Townsend and Miss M. Bird of Coventry, England, are also staying for six weeks, leaving the middle of August.

Former Resident

Celebrates 94th Year

A grand old lady and former resident of White Rock, Miss Janet Finch, celebrated her 94th birthday in the Royal City on Monday.

During World War I Miss Finch was active in the White Rock Branch of the Red Cross Association. Born in London, England, she came to Canada in 1909, arriving on Christmas Eve. After living in Victoria for eight years she came to live in White Rock.

The "very young for her years" nurse received many guests and expressions of good will at her Eighth Ave. home in New Westminster where she lives with a companion, Miss Maria Murchie.

On The Fire Front

The only activity for the local Fire Department for the last week was a chimney fire at the Peter Norstrand home at 923 Parker Street. No damage was reported.

Navy, Air Force Stage Attack

Varied Programme Offered By Sea Festival

A full programme of varied entertainment is being offered by the committees in charge of Friday and Saturday Sea Festival events. One of the big attractions on Saturday afternoon will be a torpedo attack on a mock battleship set up in Semiahmoo Bay. A Navy representative said that Vancouver Island based aircraft will carry out the attack, in full view of visitors on the pier.

A 25 piece Royal Canadian Naval Band will give a 45 minute concert on the pier near the Yacht Club on Saturday night.

Other attractions will be a water skiing show, put on by the 20 member Water Ski Club, and a 7-foot ski jump is already in place for the water competition. Trophies and medals for these events have been donated by the McPherson Lumber Co., The Semiahmoo Sun, and the White Rock Lodge.

Other trophies being competed for in various events are:

Arnold's trophy for best boat in parade; Christensen trophy for best business men's float, and the Rosemont trophy for the children's parade, sponsored by the PTA on Friday morning.

A sandcastle contest, an International Dog Show in Semiahmoo Park, two variety concerts, one sponsored by the local Caledonian Society, Softball games in Semiahmoo Park and two balls in the Silver Moon

make up a full programme for the two-day event.

There were some fine exhibits in the Parlor Show, top marks going to Mr. F. Todd for Sweet Peas and Mr. E. Humphreys for cabbage.

The charter of Maryland was granted in 1632 to Lord Baltimore.

Boys Steal 70 Pounds of Cherries

Reports and complaints of a plague of fruit stealing by groups of boys in White Rock has been brought to the attention of the Semiahmoo Sun by several local residents this past week. One case reported, was that of people who had carefully nursed their cherry trees through the frost in the winter and spring, only to have their trees picked clean of over 70 pounds of fruit over-night.

The cherry owners said if the youngsters would only ask for a little fruit it would be given to them gladly.

As the victims declared, there is no modified term for cases such as this: "it is just plain stealing."

Rotary Sponsors OAP Holiday Camp

Camp Matron.

MRS. JENNY JACKSON—

A busy time is in store for Mrs. Jenny Jackson, once again in charge of the popular Canadian Legion Camp on Semiahmoo Bay near Peace Arch Park. Now in her fifth year as matron of a camp at this site, Mrs. Jackson expects a full calendar of events right through to the middle of September. In July Rotarians will sponsor a two week holiday for Old Age Pensioners.

Bought by the Legion over a year ago the camp offers tents for rent at \$1 per day and picnic facilities for day visitors for as low as 50c.

VETS VISIT

At present the camp is full of veterans, their wives and families. A "full house" means 36 guests for Mrs. Jackson, who seems equally adept at caring for either youngsters or oldsters. Two years ago she ran the camp for the Rotary Club of New Westminster and played fairy godmother to innumerable children.

The first two weeks in September Mrs. Jackson is expecting to play hostess to a group of White Cane guests who are being sent to the camp through the auspices of the National Institute for the Blind.

George Burnham is caretaker at the camp and looks after all arrangements for outdoor events.

The July meeting of the White Rock and District Horticultural Society received a very enjoyable and instructive address from Mrs. F. M. Craigie. Members were given valuable information on preparing their exhibits for the Annual Summer Show which is being held in August and a floral decoration was designed step by step.

There were some fine exhibits in the Parlor Show, top marks going to Mr. F. Todd for Sweet Peas and Mr. E. Humphreys for cabbage.

The charter of Maryland was granted in 1632 to Lord Baltimore.

THE SEMIAHMOO SUN & WHITE ROCK WEEKLY 7

THURSDAY, JULY 19th, 1966

CARD OF THANKS

Mrs. Thomas Crowder wishes to thank her many friends and relatives for their kind expressions of sympathy and beautiful floral offerings. I extend my most heartfelt thanks to the respect shown my dear departed husband.

Mrs. Porter, Lloyd and myself want to take this opportunity to thank Patsy and Jimmie for their vigilant heroism—to thank the RCMP, Dudley Evans Ambulance Service, Dr. Middleton, the White Rock Hospital Staff and all the dozens of people who phoned and inquired and showed their concern over the recent nearly fatal accident at the swimming tank.

A. L. Porter.

I wish to say thank you to all my friends for their visits and kind enquiries, gifts and cards during my illness, also to nurses and a special thanks to Dr. Hogg and staff of White Rock District Hospital.

James and Idaline Foster.

We wish to express our sincere thanks and appreciation to our many friends and neighbors; also to Miss Wright and the Staff of the White Rock District Hospital for their kindness and sympathy during the illness and death of our beloved husband and father. Also our deep, set thanks to Drs. Hogg and Blades.

Mrs. R. D. Taylor and Penny.

Wednesday Closing

May Be Enforced

Following a report by Municipal Manager, Percy Livingstone, that a complaint had been received from a Whalley supermarket, Council may have to enforce the Wednesday closing of stores throughout the municipality.

Stores have been remaining

open in contravention of the Shops Regulation and Weekly Holiday Act, the complaint said. Under it only dairy products, bread, cake and cigarettes can be legally sold on "closed" days.

This Act, passed in 1919, set

Wednesday as the half-day closing in the municipality. Because of various requirements closing in some areas such as White Rock, Whalley and Cloverdale had proven difficult and the Act was not enforced.

Formal complaint led to in-

vestigation of the situation by RCMP, it was revealed, at Monday's Council meeting.

The Council will await word

from the municipal solicitor before taking further action.

Advice To The Camp Chef.

Camping has caught on! And the call of the outdoors attracts more and more Canadians every year. Since one of the first pleasures of camping is eating, every camping party needs a "chef." Whether the chef's cap belongs to mother, dad, big sister, a camp cook or a dietitian, the challenge to prepare and serve ample, appetizing meals is always present. Taking over kitchen or campfire duty while everyone else is "sunning," playing or relaxing, is not a welcome task.

Here are a few words of warning regarding sanitation and how to avoid food poisoning in summer camps or at home this year.

DISCARD LEFT-OVERS

Be on the alert for food poisoning, which is more prevalent in warm, humid weather. Highly-susceptible foods include:

FASHIONS

Freshness is the keynote of this bathing suit. It is fashioned of glazed chintz, the ground white, the print in pink to red roses with green leaves. Rose coloured under shorts, straight and narrow, show beneath the skirt which has two inverted pleats. Seamed to shape the midriff and lift the bosom is this chic swim suit which can be worn with or without halter shoulder straps.

milk, cream and foods containing either, fresh meats, fresh fish and poultry, cream or cottage cheeses, and most food mixtures.

Try to plan amounts of foods for camp meals so that leftovers are kept to a minimum. Unless refrigeration is adequate, most left-overs should be discarded, since they are very susceptible to the development of food poisoning bacteria and toxins.

Careful, adequate dishwashing with boiling water rinse, and little or no towel drying is most sanitary and labour saving.

SPOTLESSLY CLEAN

Food poisoning is usually caused by growth of certain bacteria in food which is carelessly handled during preparation, storage or service. Hot, humid weather, combined with highly-susceptible foods, provide ideal media for the growth of these organisms. All food preparation surfaces should be kept clean, and periodically wiped with a vinegar rinse; food handlers should cover all open cuts and sores until they are healed, and should maintain high standards of cleanliness in personal habits; all perishable food should be prepared as near to serving time as possible; constant refrigeration of prepared foods until cooking or serving time is desirable.

Foods most susceptible to food poisoning bacteria include: milk, cream, cottage cheese and cream cheeses, cream-filled pies or pastries, fresh meat (especially if ground or chopped), fish, poultry, salad mixtures, stuffings and milk desserts.

Safest foods for summer eating include: breads and plain rolls of all kinds, cured or pickled meats, peanut butter, jam, marmalade, processed cheeses, washed fruits and vegetables, plain cookies, cakes and doughnuts, fruit pies, and commercially canned foods which are left unopened until mealtime. Careful menu planning, plus care in preparation and handling of foods, can foil the work of troublesome bacteria.

Crab Tree Has Both Fruit and Blossoms

Mrs. J. W. Gallagher of 990 Maple Street, reported to the Semiahmoo Sun this week that a small crab apple tree in her garden, is not only in blossom, but has this year's crop of fruit on its branches as well.

Lots of Entries Arriving For Swim Championships

Thirty to 40 applications have already been received by the local Swimming Club for the B.C. Swimming Championships to be held on Sea Festival Day, July 21, according to a report received from a WRASA officer. All officials will be Canadian Amateur Association officials. Mr. G. Winters of the B.C. section will be in charge. Among the judges will be Rev. R. Talbot, Minister in the White

Rock Presbyterian Church. Mr. Talbot is a former member of the University of Toronto Swimming team. Altogether 534 swimmers have registered with the White Rock Amateur Swimming Association, far exceeding last year's figures, the swim club officer said. This is the first year the provincial junior championships have been held at White Rock. Some 150 milk churns have been supplied for use aboard the new Canadian Pacific flag-ship Empress of Britain.

RECIPE OF THE WEEK

The young fry are at home all day now so picnics are likely much in demand in most families. What to do on the odd rainy day when swimming is out of the question will be solved for busy mothers if they let the children roll their own cookies made from this very easy recipe given to our column by Mrs. Wm. Bush. She says it makes a good rolled cookie and will keep children happy for hours.

GINGERBREAD COOKIES

- 1 cup shortening
- 1 1/4 cups sugar
- 1 egg
- 1 cup molasses
- 1/3 cup hot water
- 1 cup flour to which add 1 1/2 teaspoons soda
- 1 teaspoon salt
- 1 teaspoon ginger
- 1 teaspoon cloves
- 3 teaspoons cinnamon
- 4-5 cups of flour

Method: Cream shortening and add sugar, beating well. Add egg, beat well. Add molasses and hot water, beat well. Then add 1 cup flour to which soda, salt and spices have been added. Mix thoroughly. Then add 4-5 cups flour until dough is not sticky. This dough rolls more easily if it is chilled for a few hours. Can be chilled and sliced for ice box cookies or used as a drop cookie. Makes 5 to 7 dozen.

Bake in moderate oven 375 degrees F., 12 to 15 minutes. Florence Bush

John Brighton Joins R.C.A.F.

A member of the White Rock Players who had a role in the play which captured the Macabbee Shield for the local group in the Lower Mainland One-Act Play Festival this Spring is going to take to wings or a different sort.

John Brighton, an employee of the Washington Avenue Branch of the Canadian Bank of Commerce, is leaving White Rock to join the R.C.A.F. He expects to go to Trenton, Ontario, to join an RCAF air crew this July.

Mr. Brighton came to Canada less than a year ago from Brigg, Lincolnshire. He will be greatly missed in White Rock's musical and theatrical circles.

Miss Taverner Wins Scholarship

The secretary of Semiahmoo High School, Miss J.H. Taverner, Semiahmoo Ave., has been awarded a scholarship from the Leon and Thera Koerner Foundation.

Miss Taverner is at present taking a course in Speech Arts at the University of B.C. Summer School, in Vancouver.

Miss Dorothy Somerset, Director of the School of the Theatre, and Robert Davidson, Director of the School of Arts and Crafts made the announcement.

Names of 13 other winners benefiting from the Koerner Foundation were also announced.

Sunnyside Church Honours Minister

A social evening marking the retirement of Rev. Thos. Keyworth, held at the Sunnyside

United Church, was a happy event on July 11 when members and adherents of the congregation joined in an hour of fellowship. The occasion was also the wedding anniversary of

Rev. and Mrs. Keyworth. Rev. Walter Ward, of White Rock, and the present minister of the Sunnyside Church, Rev. A. L. Elliott, were present.

Rev. Keyworth who has finished 60 years in the ministry in B.C., preached his first sermon in Britain in the year 1899. A presentation, on behalf of the congregation, was made by Mr. J. Pearson. At the close of the evening lunch was served, and intervals of accordion music was provided by Bob Bennington.

Mr. and Mrs. A. Bates have bought a new home at Stayte and Oliver Roads, and are moving in. They are well known here, having lived at Sunnyside and Blake until about a year ago, when they moved to King George Highway.

Frank Dent and some of his fellow employees returned from a vacation trip which took them to the Calgary Stampede. They went by way of the States and toured the Grand Coulee Dam, returning home by Banff and Radium Hot Springs. A temperature of 110 the day they were at Calgary took some of the excitement out of the Stampede.

Mr. and Mrs. Ray Munro entertained Mr. and Mrs. G. R. Currie at dinner on July 12 on the occasion of the Currie's 24th wedding anniversary.

Lawn Bowlers Defeat Chilliwack

White Rock Lawn Bowling Club Rink have now reached the last four in the playoffs to determine the Provincial Champions. Defeating Chilliwack in the District final at New Westminster, the local team, composed of G. Fairley, A. Steel, J. A. Hazlett and G. Morrison, will now take part in a round robin playoff against the three other District winners at Vancouver, on Wednesday, Thursday and Friday evenings. The winner here will represent the Province in the Canadian Championship.

Locally good progress is being made in the various com-

petitions.

The semi-final stage of the Men's Handicap Singles have now been reached, with R. Crichton, D. G. McDougall, J. A. Hazlett and A. Ciro taking part.

The Ladies' Singles Championship was won by Mrs. J. Hazlett, defeating Mrs. Raborn in the final.

This week a number of members of both sexes are taking part in the Annual B.C. Tournament held in Vancouver.

Fort Langley Restoration Starts

Restoration of one of B.C.'s most historical centres, Fort Langley, will begin shortly. The Old Fort, birthplace of government in British Columbia, will be restored at a cost of \$250,000. Money for the purpose is being provided through Federal and Provincial grants.

Fort Langley Restoration Society has campaigned for three years for the go-ahead signal from the two senior governments.

First job, said Society President Alex Hope of Langley, is to locate the huge cedar timbers used in the old palisade in 1888, the year Sir James Douglas was installed within the old Fort's walls as first governor of the colony.

B.C. Trustees Appoint Committee

L. G. Argett, Vancouver school trustee, has been appointed chairman of the Resolution Committee for the 1956 convention of the B.C. School Trustees' Association. The convention will be held at Cranbrook, September 17-19 inclusive.

He served in this capacity at the Qualicum Beach convention last year.

Mr. Argett's committee includes BCSTA 2nd vice-president A. W. E. Mercer, New Westminster; A. H. Sager, West Vancouver; Mrs. Marion Ricker, Nanaimo; and Frank Wilson, Chilliwack.

Canada's wool production in 1965 amounted to 8,041,000, some 40,000 pounds off from 1964.

THE SEMIAHMOO SUN & WHITE ROCK WEEKLY 9 THURSDAY, JULY 19th, 1966

Craigmyle Picnic Held at Peace Arch Park

A small group of Craigmyle, Alberta visitors and former Craigmyle residents gathered together Saturday, July 7, at the Canadian Pavilion, in Peace Arch Park. Visitors from Craigmyle were Mr. and Mrs. Albert Asserud and daughters, Sharon and Dorothy, and Mr. and Mrs. O. Asserud, Sr.

The White Rock residents, all formerly from Craigmyle, were Mr. and Mrs. Dave Wise; Mr. and Mrs. Rex Horner, original homesteaders from the Hand Hills south of Craigmyle; Mr. and Mrs. E. M. Wiegren; Dr. W. S. Paterson and Mr. Fred Paterson.

A very excellent picnic lunch was served by the ladies and a lot of good fellowship resulted from the get-together.

R.C.M.P. Order Cars Off Washington By 9 a.m. Saturday

RUMP in White Rock have announced to the Semiahmo Sun that all cars must be off Washington Ave. between Vidal and Martin by 9 a.m. Saturday, July 21, Sea Festival Day.

Persons who park on Washington overnight are asked to note this police order so that their cars will not have to be moved.

Mrs. Judy Busby of Duncan has been holidaying with her grandparents, Mr. and Mrs. E. J. Busby.

Mrs. Laura Viken of Azusa, California, is the guest of her parents, Mr. and Mrs. Dan Gardum.

Mr. and Mrs. Don Moore, of Woodland, California, and children are visiting with Mrs. Moore's parents, Mr. and Mrs. Edgar Alderley, on Peck Road.

Jim Perry arrives home this weekend from Holberg. Next Wednesday Mr. and Mrs. Perry will fly to Montreal to board the S.S. "Corinthia" for a holiday in England, visiting with Jim's parents after an absence of 33 years. They will return via the Arctic route at the end of August.

Guests at the home of Mrs. Miller on Sandell Road include Mr. and Mrs. W. May of Taber, Alberta, and family; and Mrs. Wm. McLeod and son Roy of Edmonton. David Miller has left for Duncan, V.I., where he is employed for the summer, and Alvin Miller who has joined the RCAF left last week for St. Jean's, Que., to commence his training.

Visiting with Mr. and Mrs. Muskovitch on Beaulieu Road are Mr. and Mrs. Marko, of Waskatenau, Alberta, and family.

Mr. Joe Brown is home again after being a patient in the Royal Columbian Hospital for a few days.

Douglas Park Draws Big Crowds

Brackman Ker Milling Company spent an enjoyable day at Peace Arch Park on July 14. The children really enjoyed the playground, swings and merry-go-round. About 400 attended. Ice cream and soft drinks were served by the company.

On Sunday, July 15, the Swedish International Picnic was held with dancing and accordion playing entertaining the folks. About 500 attended.

The Women's Institute of South Surrey joined in the annual international picnic at the Canadian Kitchen on Friday, July 13. Tea, coffee and buns were served by the local institutes to members on their arrival.

Crescent Beach News

Mr. and Mrs. Doug Sands spent a few days recently at Oyster River, on Vancouver Island, visiting friends.

Mrs. J. Rogers and sons are spending a holiday at the Beach. Mrs. Rogers was formerly Jean Patterson, resident of Ocean Park, and her home is now at Akivik, Yukon.

Mrs. H. G. Wade is visiting her son in Port Alberni.

Mr. Alvin Christopherson and sons James and Michael, have been visiting with Mr. and Mrs. J. R. Lynch, of Sunnyside Road.

Mr. Justice and Mrs. Harry Sullivan are at their Beckett Crescent residence, after quite a stay in Victoria.

A resident, walking down

Crescent Road the other day, noticed water boiling up on the left side of the road, near the village. Inquiring from Mr. Frank Turnbull, he was told, "yes, there is a break in the water main—the old wooden one. The new iron pipes are laid, and so it only remains to dig up the old ones."

The Rev. J. A. R. Tingley and family are enjoying holidays in their summer home on Christopherson Road.

Mr. and Mrs. Ken Yorke, son and daughter-in-law of Mr. and Mrs. J. S. Yorke, of Crescent, are holidaying here.

Mr. and Mrs. Frank Jones, of Calgary, are visiting Mr. and Mrs. Percy Edwards. Mr. Jones was the former owner of the Crescent Beach Hotel, which burned a few years ago.

Flight-Officer Stephen Foster and his father visited briefly with the young Air Force man's aunt and uncle, Sgt. and Mrs. A. R. Foster, on Stevenson Road, on his way to his new posting in Manitoba.

Mr. A. Dunn, of Vancouver, and Mr. James Robertson, of Powell River, enjoyed a visit with Mrs. L. B. Christopherson.

Mr. Robert Wade has returned to stay at his home in Crescent. He has been employed at Jordan River.

Mr. and Mrs. J. M. Streight and family are in residence at their summer home on Christopherson Road.

Mr. and Mrs. E. Ridgway have been visiting with their son, who has the Cliff Adams home for the summer.

Visitors Seek Sunshine At W.R.'s Hotels, And Motels

Names of travellers from the four corners of the North American continent, written in guest books of White Rock's numerous motels and hotels are witness to the fact that this resort town's sunshine and safe beaches are a big tourist potential.

Managers and operators of tourist accommodation report that the fine weather lately has drawn excellent crowds here for outings and holidays.

Registered at Gene's Motel Washington Avenue, were Mr. and Mrs. M. Arbour of McBride, and Prince George. Mr. Arbour is a sawmill operator in the B.C. Interior towns. The couple are accompanied by their two children and Mrs. Arbour's mother, Mrs. P. E. Woods, and Mrs. G. Dyer.

Also at Gene's from Interior B.C. are Mr. and Mrs. W. T. Irving and three children of Trail, where Mr. Irving is employed in the smelter. From farther afield were Mr. and Mrs. G. G. Gibson, and two sons from Calgary.

Out on the King George Highway where lots of American travellers stop, the Golden Rooster, reported a "full up" condition, due partly to the excellent weather and the holiday season starting. Cars bearing the license plates of California, Virginia, Idaho and Washington were numerous. Mr. T. S. Parker and two nephews from Miami, Florida, were expressing enthusiasm because they had seen snow for the first time in their lives during a stop at Mt. Rainier on their way north. They were continuing their journey into the Canadian Rockies where they would have lots of opportunity to look at more of the "white stuff."

BESIDE THE SEA
Semiahmoo Cabins also reported business booming since the weather turned balmy. From Kingston, Ontario, Dr. and Mrs. H. Bosworth and family were registered last week and Mr. and Mrs. W. E. Catching of North Bend, Washington. Most reserved months ahead of time, the seaside cabins, owned by Mr. and Mrs. Bob Hunter, are popular with many city residents and travellers coming from Alberta and Ontario.

Sea, Great Auto Court, run by Mr. and Mrs. M. H. Nicholson,

had guests last week from Harrisburg, Virginia. Mr. and Mrs. J. McKay and family, with Mr. and Mrs. Lorenzo Bergia, also registered from San Diego, California.

Beef Club Chooses PNE Reps.

Tommy and Roberta Wilson will be the representatives of the Surrey Beef & H. Club in the eliminations for the Surrey representative at the demonstration contests at the PNE.

This was decided at the meeting on July 9 at the Latham home, president Roger Latham presiding.

Prior to the meeting the steers of Robert and Roger Latham were inspected by the club members and the club leader T. R. Hopkins. Six members are planning to enter calves in the PNE competitions.

The treasurer revealed that up to the time of the meeting the club had \$26.99 in the bank. A donation of 10 dollars from the Surrey Co-operative Association was to be acknowledged in writing.

School Graduates Swell Unemployment

The number of men registered for work at the National Employment Office is now 1740 compared to 1250 last month and 1900 in June of last year, states Milt Hamby, National Employment Service, New Westminster. The number of women seeking work also increased from 1070 in May to 1370 at the end of June.

The greater proportion of these increases may be attributed to the large number of high school graduates registering for full time employment and the graduate and undergraduates interested in summer work only. While a steady demand exists for the graduate, opportunities for summer workers are abnormally low, Mr. Hamby said.

In other years many of these were able to find work harvesting small fruits. With this year's failure of the strawberry and raspberry crop that opportunity will be denied them. Lack of small fruits will also affect food processing plants which normally provides employment for summer workers. Wet weather had an adverse effect on placement activity during the month and jobs filled were approximately 300 less than the preceding month.

Do you need a NEW TRUCK?

A necessity on almost any farm, a good sturdy truck saves you time, work and money in a hundred ways.

If you're short of ready cash for such a profit-building purchase, F.I.L. may be your answer. A B of M Farm Improvement Loan can put a new or used truck to work for you on your farm very quickly. Why not talk it over with the manager of your nearest B of M branch this week?

If your proposition is sound, you can get a B of M Farm Improvement Loan for any type of equipment you need on your farm.

New Industry, Building Ideas at P.N.E.

The P.N.E. Manufacturers' Building, "Industry on Parade" presents a wide variety of exhibits and its south end constitutes the "Building Wing" a new and free colourful and modernistic presentation of home building at the August 22 to September 3 fair in Exhibition Park, Vancouver. The ground level has a new attraction in the great "Sports Fair" with free demonstration by George Chenor, North American snooker champion and Canadian pocket billiards champion, as well as a "Fishing Hole" where you can catch your own trout.

On the exhibition side, the Electrical Building, "Home of Electrical Living," features "Elektro" and his dog "Sparky," the amazing robots, a new free attraction, and on the building's ground floor, the great free "Atoms for Peace" display direct from Washington, D.C., as well as Canada's sports "Hall of Fame" where the CNE, both new features.

Fish and Game Club Adopt Constitution

A constitution, subject to the approval of Victoria, has been adopted by the Semiahmoo Fish and Game Club. This was made known at the regular meeting of the newly-formed club held on July 10 in the White Rock Yacht Club rooms. President Louis Laronde presided and there were 15 members present of a membership of 25.

It was announced that membership is open to any reputable person over 18 years of age. Junior membership is also obtainable for the younger set. Application may be made to any member, or at the next regular meeting to be held on August 14.

Harold Haddon was elected publicity officer for the ensuing year.

Building Likely To Set New Record

If the present trend in building construction in Surrey continues the Municipality could top its all-time 1965 record of \$10,000,000 construction in one year by \$2,000,000, according to figures released on July 9.

During June 248 building permits were issued by the Municipality for a value of \$1,108,817 as against 290 permits issued in June, 1965, for a total of \$1,003,858.

These figures indicate a new boom in building for Surrey. Municipal Building Inspector D. Closkey has revealed that the total permits issued during the first six months of this year were valued at \$7,157,082. Last year's for the same period totalled \$5,405,069.

Dwelling permits issued last month were valued at \$971,284 with 155 permits issued, with 182 permits last June valued at \$905,891.

Ten commercial permits were issued for a value of \$60,630; two industrial permits, valued at \$19,000; two institutional permits for \$14,000, with 161 plumbing permits and 144 septic tank permits.

Total of 16 trade licenses were issued, valued at \$310.10.

Professional jugglers in one form or another can be traced back to ancient Egypt.

Sport Shoes Soft and Supple Masculine But Never Clumsy

These shoes are typical of the new look in men's sports shoes. This style has the mid-low top and features an elongated fringe tongue in contrasting colour. New soft leather gives immediate foot comfort.

The Canadian male who golfs, goes camping, or just leads a busy suburban life will be more than pleasantly surprised with what is in store for him this Summer. There will be no more tired, wet, aching feet after a day in the woods or out on the golf course. Canadian shoe manufacturers have really gone to town in creating sports shoes that are the acme in foot luxury.

This season the masculine foot is being encased in the softest of waterproof leathers, exactly cut to give the maximum of protection, plus ease in walking. Shoes today for the sportsman are just as expertly put together as the precision made shotgun or spinning reel.

While the sports shoes and hunting boots still have that he-

man look, they are never clumsy, but are attractively styled in accordance with active sports or working clothes.

Full grain oiltanned leathers are expressly treated for hard out-of-doors wear. Sweat resistant insoles are a feature all sportsmen will like, while for those on their feet a great deal the arch-supporting steel shank is all-important.

Every sports enthusiast in Canada knows the agony of breaking in new sports shoes or boots whether it be for golfing or mountain climbing. And this breaking-in period was at one time a tortuous ordeal. Not so today, however, breaking in shoes is very definitely a thing of the past. New shoes now are easy to wear right from the very first step.

THE CHURCH SPEAKS

Christianity, it has been said, is like a contagious disease—most easily caught from the last one to take it. Is it not true that it is as we see Jesus Christ as a living reality in the life and conversation of a friend that we long for his or her joy and peace also? Let us not hesitate to tell others about our new found Saviour and Lord. The non-Christian rejoices over a new possession, be it automobile or television set. Shall we then be reluctant to tell of our glorious possession—the presence of our Risen Saviour in our lives?

Laid to Rest

EVERALL: July 14, George Johnston Everall of 15493 McBeth Road, White Rock, age 68 years. Survived by his loving wife, one son, Walter George (RCN), one daughter, Mrs. J. A. (Alice) Taylor, New Westminster, one brother Harry, Port Kells. Funeral service was held Tuesday, July 17 at 2 p.m. from Chapel Hill Funeral Parlor, Victoria Ave. at E St. to Sunnydale Lawn, Rev. W. Ward officiating.

BARTEAU: July 15, Elmina Helen Barteau of 15492 Buena Vista, age 62 years. Survived by her loving husband, two sons, Theodore W. Diederick in Seattle, William P. Silverdale, Washington, and 4 grandchildren. Funeral service was held on Wednesday, July 18 at 2 p.m. from Chapel Hill Funeral Parlor, Victoria Ave. at E St. to Sunnydale Lawn, Rev. W. Ward officiating.

TINGLE: July 16, Beryl Broughton Tingle of 15435 Washington Ave., age 79 years. Survived by her loving husband; two sons, Robert at White Rock and Oliver in Kitimat; two daughters, Mrs. E. Nichols, and Mrs. G. MacDonald of Edmonton; two sisters, Miss E. Mc Dermott, of New York, and Mrs. Evelyn Pearson, Montreal. Funeral service will be held Thursday, July 19 at 2 p.m. from Chapel Hill Funeral Parlor to Sunnydale Lawn, Rev. E. Pitt Griffiths officiating.

Realtors To Hold Special Meeting

Alex Reed, President of the B.C. Association of Real Estate Boards, will address a special dinner meeting of municipal realtors to be held on July 25 in the Clover Inn, Cloverdale, commencing at 6:30 p.m. All municipality realtors are invited to attend.
Mr. Reed's subject will be the Norris Report on a proposed Act governing Real Estate, business to be presented at the next provincial legislature.
Revision of the new obsolete Act governing real estate transactions is planned, following recommendations made by T. C. Norris, Q.C.

Miles Of Dimes Start Aims At \$15,000

Setting their sights at a total of \$15,000 the Scout and Guide Building Committee have announced a mammoth "Miles of Dimes" which will be launched on Saturday, July 28.
All plans for the drive are rapidly being finalized, representatives of the Committee said today.

"We are sure the people of White Rock will turn out on that day and give this drive their fullest support," Committee members said. "While it is a March of Dimes we know many residents who realize the splendid work both Guides and Scouts are doing for our young people will wish to donate much larger amounts."

Stations will be set up at nine locations, Jack's Corner, Walton's Service Station, Hilltop Post Office, Super-Valu, Semiahmoo Yacht Club Building on the Pier, Main Post Office, Tingle's Grocery Store, Beach Store and Semiahmoo Park.

Each station will be manned by two young people with adult supervision which is being supplied by members of various service clubs, the Soroptimists, Rotarians, Lions, Kinsmen and the J.C.'s.

The drive will commence at 10 o'clock continuing through the day until 4 p.m. with the exception of the Pier and the Main Post Office which the J.C.'s are taking over and will keep open in the evening. Loud speaker systems will be set up which also will be looked after by members of the J.C.'s.

An added attraction will be a concert which is being put on at the pier by the Eagles Girls' Band and the Kinsmen Boys' Band in the evening of Saturday, July 28, commencing at 7 p.m.

The Committee have released the following questions and answers for the convenience of everyone interested in this excellent community project:

Question: What is the proposed cost of building?
Answer: \$15,000?
Question: Why \$15,000?
Answer: Architects plan to provide for present groups of Scouts, Cubs, Guides and Brownies. Type of building will be frame construction and etc.

Semiahmoo Park

(Continued from Page 1)
Administrator who said that Jack Hynds, Parks Board Chairman, is contacting the Burrard and Vancouver Yacht Clubs for information regarding fees, etc.

A survey of the entire area now within the Reserve boundaries was made last year by two engineers from the Parks and Recreation Branch of the Department of Forests, Mr. Nicholson reported. A. D. Cregar, of New Westminster, geographer with the Lower Mainland Regional Planning Board, accompanied by Mr. Nicholson, spent a week going over the whole area.

"It was felt that Campbell River was the most suitable river south of Prince Rupert. In fact on the whole coast, for canoeing," he said.

Unlimited possibilities for development were seen by the Parks Administrator, who stated that plans were being laid for gainfully employing the natives now living on the Reserve.

A model native village, where Indian craft work such as totem poles and Indian sweaters could be sold, was planned as a major source of revenue, he said.

The Administrator stated that in recent years the Department of Indian Affairs had been granting a number of short term leases in order to obtain revenue. Most of these were 10 year leases and some had only about two years more to go. The present Legion Camp situated in well with development schemes, he said, and a few private individuals had obtained 10 year leases for building summer homes.

He said other projects foreseen for the resident natives might be the renting of canoes and fishing equipment to visitors.

co exterior measuring 45 x 80 feet with adequate basement heating and storage space.

Question: Where is the proposed building to be located?

Answer: Central location near school — on leased Municipal Park Board property.

Question: Who is going to build it?

Answer: Interested parents and citizens of White Rock, through Scout/Guide Hall Committee appointed by South Surrey District Council.

Question: What funds are now available?

Answer: Approximately \$1,000 of which \$700 is cash and balance is material.

Question: Will the Hall be available to other organizations?

Answer: No, because the Hall will be in full use by Scouts, Cubs, Guides and Brownies.

Newton Church

To Have Addition

A much-needed extension to Newton Presbyterian Church will be started soon, members report.

The present church, built in 1924, will have increased facilities for Sunday school classes when the addition is complete.

Present minister, Rev. Roger Talbot, lives in White Rock, where he is in charge of the Presbyterian Church on Campbell River Road. A student assistant, Mr. William Strong of North Battleford, will be resuming his theological studies at the University of Saskatchewan this Fall.

Groups assisting in the work of the Newton parish include the Ladies' Aid, Young Married Couples Club and Senior and Junior Choirs.

All donations to the church expansion will be appreciated.

17 Youngsters

Graduate to Tank

A total of 17 more young swimmers graduated to the White Rock Amateur Swimming Club tank this week.

They are: Johnny Mackie, Donna, McColl, Martha Long, Carol Brown, Audrey Hall, Joan Dick, Marilyn Saunders, Clair Newall, Sheila Eyre, Jennifer Enderby, John Bissett, Ronnie and Eddie Mathews Valerie Webb, Patsy and Evelyn Wilk. Inson and Julie Feedham.

Highway Re-named

Announcement has been made that Highway 99A has been re-named. In future it will be known only as Provincial Highway 15 from Fry's Corner on Trans-Canada Highway to the U.S. border.

Reconstruction of the highway, known locally as Pacific at a cost of \$50,000, was recently undertaken.

Pipeline Worker

Crushed To Death

Archie McLellan, a Trans-Canada pipeline worker, was killed last Saturday while welding a section of pipe in a trench at the pipeline crossing at Johnston Road.

ICMP said the 35 year old welder had just arrived in R.C. from Edmonton about four months ago. He was married and had a young son. His family came to the coast to join him only a week ago.

The accident occurred at 7 p.m. when a clamp holding the heavy pipe slipped, pinning the victim to the ground.

Cloverdale Wins

From Elgin 8-2

A score of 8-2 in favour of Cloverdale was racked up in Semiahmoo Park against Elgin in a Senior C Softball game on July 15.

Don Gordon and Jack Cousins each hit home runs for Elgin but the Cloverdale team won on errors by Elgin players.

John Leavison was winning pitcher and struck out nine batters. Losing pitcher Ave Reimer struck out 12.

Airport

(Continued from Page 1)

Langley field could be quite useful as a supplementary airport to the Vancouver one for light aircraft, the Transport Minister said.

An official of the Transport Department announced that plans to set up a light-plane airport at Spanish Banks in Vancouver had been cancelled because of objections raised by residents in the area.

Recently almost 200 Locarno residents in West Point Grey protested to the Vancouver Park Board against the construction of an airport at Spanish Banks.

The Aero Club of B.C. is reported to be pushing the construction.

LOCAL PROTESTS

A delegation of approximately 60 residents and businessmen from the area most directly affected presented a petition against the building of the airport near White Rock two months ago.

At the July 9 meeting a letter from the Cloverdale Board of Trade was read asking the Municipality to find another site.
